

Resolution ~~k~~-4

Residence Hall Kitchen Expansion

Introduced 1/23/79

Passed/Failed unanimously

Whereas most of the floors in the University residence halls have kitchens that help make residence hall living more enjoyable and that certain halls have them on alternating floors and Pierce Ford Tower Communities doesn't have them above the 20th floor.

Therefore be it resolved that Associated Student Government goes on record as requesting that each floor in all halls have a kitchen and that this request be sent to President Minton and the Board of Regents so it will be considered for the 79-80 budget.
